

# READ WHAT OTHERS HAVE SAID ABOUT THE VALUE OF THIS ONE-DAY INFORMATION-PACKED SEMINAR

*"My dream became a "goal" by participating in this retreat. Ian has made me realize that the dream can come true. His presentation was enthusiastic yet not overwhelming (though, the amount of information we received was enormous and priceless). He created an atmosphere where all participants were a part of the program from the beginning. His ability to make us comfortable in the seminar setting was wonderful. Most of all, I have a load off my shoulder. The reality of knowing that I have a tool to succeed and the confidence." – Yuko M.*

*"Very knowledgeable, very informative. Covered a lot of material in a short amount of time. He is very personable. He did an awesome job of preparing, putting together the handouts, and staying on course. I love the idea that you have an attorney who has worked for the "SBA" government prior. He had his goals of what he wanted to share and in what time frame and he completed them on target." – Ken S.*

*"Great teacher! Ian took the time to really get the information out to the class, and beyond. Thanks for the help with grants and showing us how to find them. P.S. well dressed." – Jeannie D.*

*"Excellent information and addressed ways to open new doors for business opportunities." – Jeanine M.*

*"Extremely knowledgeable. Ian understands his subject and presents it very clearly. Takes time to answer questions. Ian is very engaging with his delivery and keeps you interested." – Jeremy C.*

*"Great Delivery! ..... Gave lots of useful examples and in depth knowledge. Great Speaker! Very personable, goes beyond the call of duty. Very passionate about his topics." - Jody F.*

*"Ian was wonderful from a knowledge perspective. Anyone can provide the "ASK LESKO" information, but getting it from someone that has been there, done that, and is doing it, is extremely valuable." – Grady T.*

*"Really loved Ian's presentations and the personal interviews via teleconference. .... Loved the handouts with #'s and contracts too!" – Julie M.*

*Fantastic instructor very enthusiastic. Loads of great information ..... loved the stories. Made you feel important." - Jackie M.*

*"Ian was incredibly knowledgeable and patient. He went over everything and took the time needed when others had questions on a particular subject. I doubt you could have a better instructor for the program." – Michael F.*

*"Ian's knowledge was outstanding." – Steve G.*

*"I found Ian to be knowledgeable, helpful and thorough. His presentations were interesting; he held my interest and attention. I feel that using what he presented I can now attack the process of dealing with my business with knowledge of what is available and what will work, and just as important, what will probably not work." – Billy N.*

*"The information that was given by Ian was direct and colorful; the break down of some complex information was creative and witty. Ian's technique and presentation allowed me to retain a great deal of knowledge of business procedures and practices I will be able to begin as soon as I return home." – Ray B.*
